

## DMM 903

Pocket size Multimeter. Despite its small format this instrument has very high safety approval, CAT IV 600V, CAT III 1000V. It is protected against overloading by an electronic fuse.

When not in use, the test probes can be parked at the rear of the instrument body.

### Features

- 3-1/2 digit (2000 count) LCD display with backlight
- Built-in non-contact AC voltage detector plus flashlight
- Measures voltage, current, resistance, diode
- Buzzer
- Double moulded case
- CAT III 1000V, CAT IV 600V
- Auto-ranging with auto power off
- Test leads in silicon
- Holster

### Art-no DMM903

Teknisk specifikation1	
Display	2000-count
DC spänning	200 mV - 600 V
AC spänning	2,000 V - 600 V
DC ström	200 uA - 200,0 mA
AC ström	200 uA - 200,0 mA
Resistans	200 Ω - 20 MΩ
Auto områdesval	Yes
Diodtest	Yes
Kontinuitetstest	Yes
Automatisk avstängning	Yes
Data Hold	Yes
Batterinivåindikering	Yes
AC mätning	Averaging response
AC-mätning bandbredd	40 Hz - 500 Hz
Integrationstid (fast)	2 per second
Vikt	ca 145 g
Storlek	104 x 55 x 33 mm
Matningsspänning	2 x AAA 1.5V batteries
Standard tillbehör	Holster, Manual, Batteries
Godkännande	CAT III 1000V, CAT IV 600V
Tillämpade standards	EN 61010-1
